No obligation. Just performance you can count on.

The DIV & DIVG Series

Whether we supply complete valve assemblies or individual sections, handles, relief valves, and components for your team to build in-house, you receive premium-grade parts at roughly half the cost, resulting in immediate savings and dependable performance once installed.

The DIV & DIVG Series are designed to work as a **direct replacement** for many widely used directional control valves, making installation simple with no changes required.

Handles – Work Sections – Relief Valves – Complete Assemblies

High-Performance Directional Control Valves Built to Outlast

Direct-Fit Replacement

Drop-in alternatives for Parker/Commercial®, and Muncie®

Faster Lead Times

Stocked units ship quickly, cutting downtime and eliminating backorder delays.

Proven Durability

Backed by a 1-Year Manufacturer Warranty for peace of mind.

Cost-Effective Performance

Save up to 45% compared to OEM distributors without compromising quality.
