

The N75 Series

High-Performance Gear Pumps Built to Outlast, Outperform, and Drop-In Without a Single Modification.

■ Downtime, backorders, or compatibility issues?

The N75 Series is your direct-fit answer. Designed to replace **Commercial®**, **Parker®**, **Permco®**, and **Muncie®** models with zero guesswork. Built to **run cleaner, longer, and stronger** with cast iron durability and modern engineering.

Whether you're maintaining mobile equipment or building new systems, N75 offers **plug-and-play confidence**, faster delivery, and expert support to keep your operations running without disruption.

Feature	What It Means	Why It Matters
Direct-Fit Replacement	Compatible with major brands	Simplifies purchasing and installs faster
Up to 3000 PSI	Handles high-pressure tasks	Reliable in demanding systems
Fast Lead Times	Stocked and ready to ship	Avoid downtime or backorders
Flexible Mount/Shaft Options	SAE B, C, D / Splined, Keyed	Use in any system, new or retrofit
Backed by Experts	Tech support + 1-year warranty	Trusted long after installation

N75 Single Unit - Compact and Tough

N75 Tandem Assembly - For Multi-Circuit Systems

Built for Work. Proven in the Field.

- Truck & Trailers
- Mining
- Forestry
- Construction
- Agriculture
- Marine
- Material Handling
- Mobile
